

# Organ Systems in Humans: The Respiratory System

**Goal** • Review terms related to the respiratory system.

## What to Do

Refer to pages 90 and 91 of *BC Science 8* to complete this review of the respiratory system.

- Using the diagram on page 90, label the parts of the respiratory system.

- What is the main tube connecting the mouth to the lungs?

---

---

- Which muscle plays a main role in breathing?

---

- In which structures does gas exchange occur?

---
