# The Incredible Egg!

Complete the Following Questions

Hypothesis:

---

---

---

1. In a short paragraph **explain** what happened to the egg when it was **placed in the molasses**.

---

---

---

---

---

---

---

2. **Explain** what happened to the egg after it was placed in **distilled water**.

---

---

---

---

---

---

---

NAME: \_\_\_\_\_

3. Draw diagrams to show the movement of substances across the membrane of the egg in the **two** experimental treatments:

<b><u>In molasses</u></b>	<b><u>In distilled water</u></b>

4. **Explain** why water was able to move across the egg membrane but molasses was not able to.
